"There is a part of me that wants to write,
a part that wants to theorize,
a part that wants to sculpt,
a part that wants to teach . . .
To force myself into a single role,
to decide to be just one thing in life,
would kill off large parts of me . . .

There were many facets
to campus life at ETSU —
yours was the challenge
to participate in them.

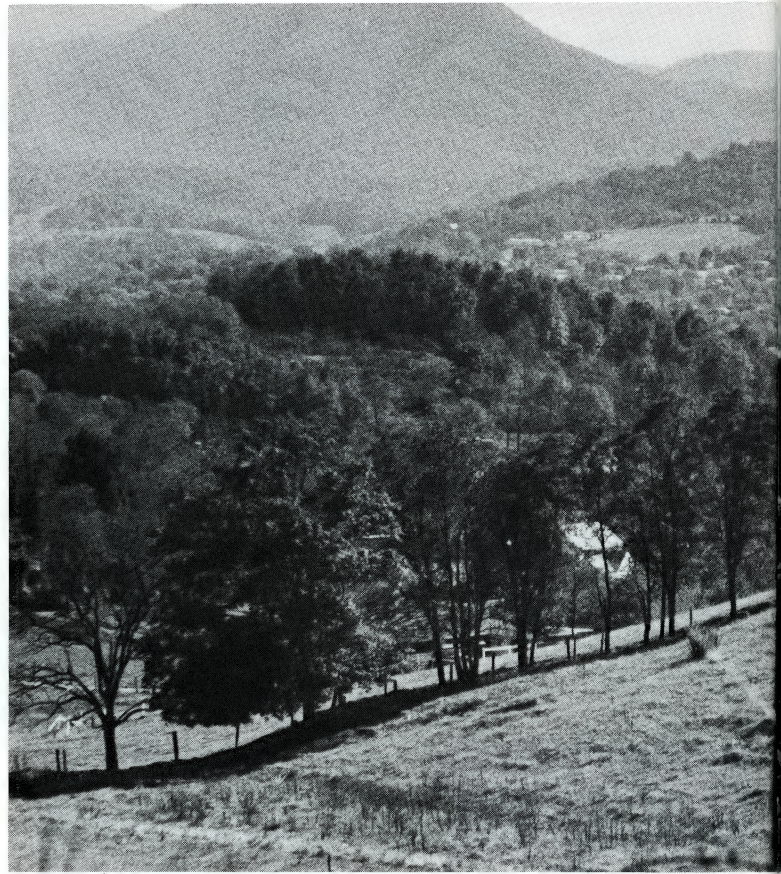

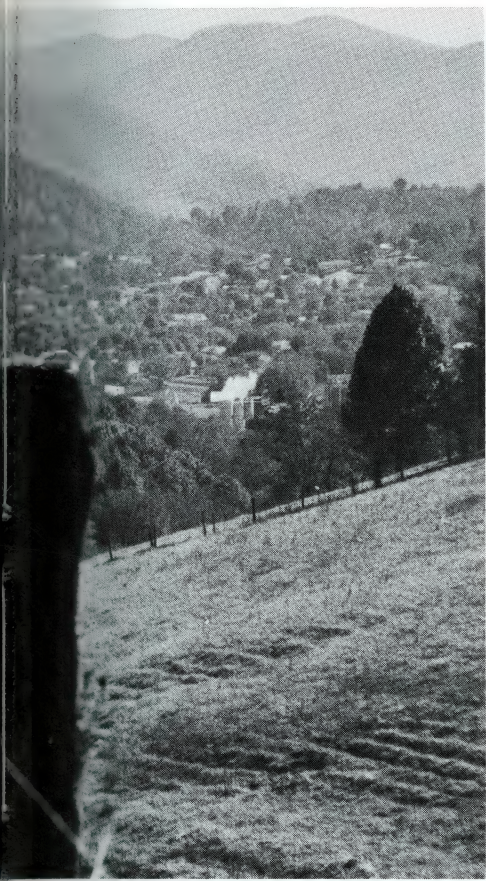

If a man does not keep pace with
his companions, perhaps it is because
he hears a different drummer.
Let him step to the music he hears,
however measured or far away.

Thoreau

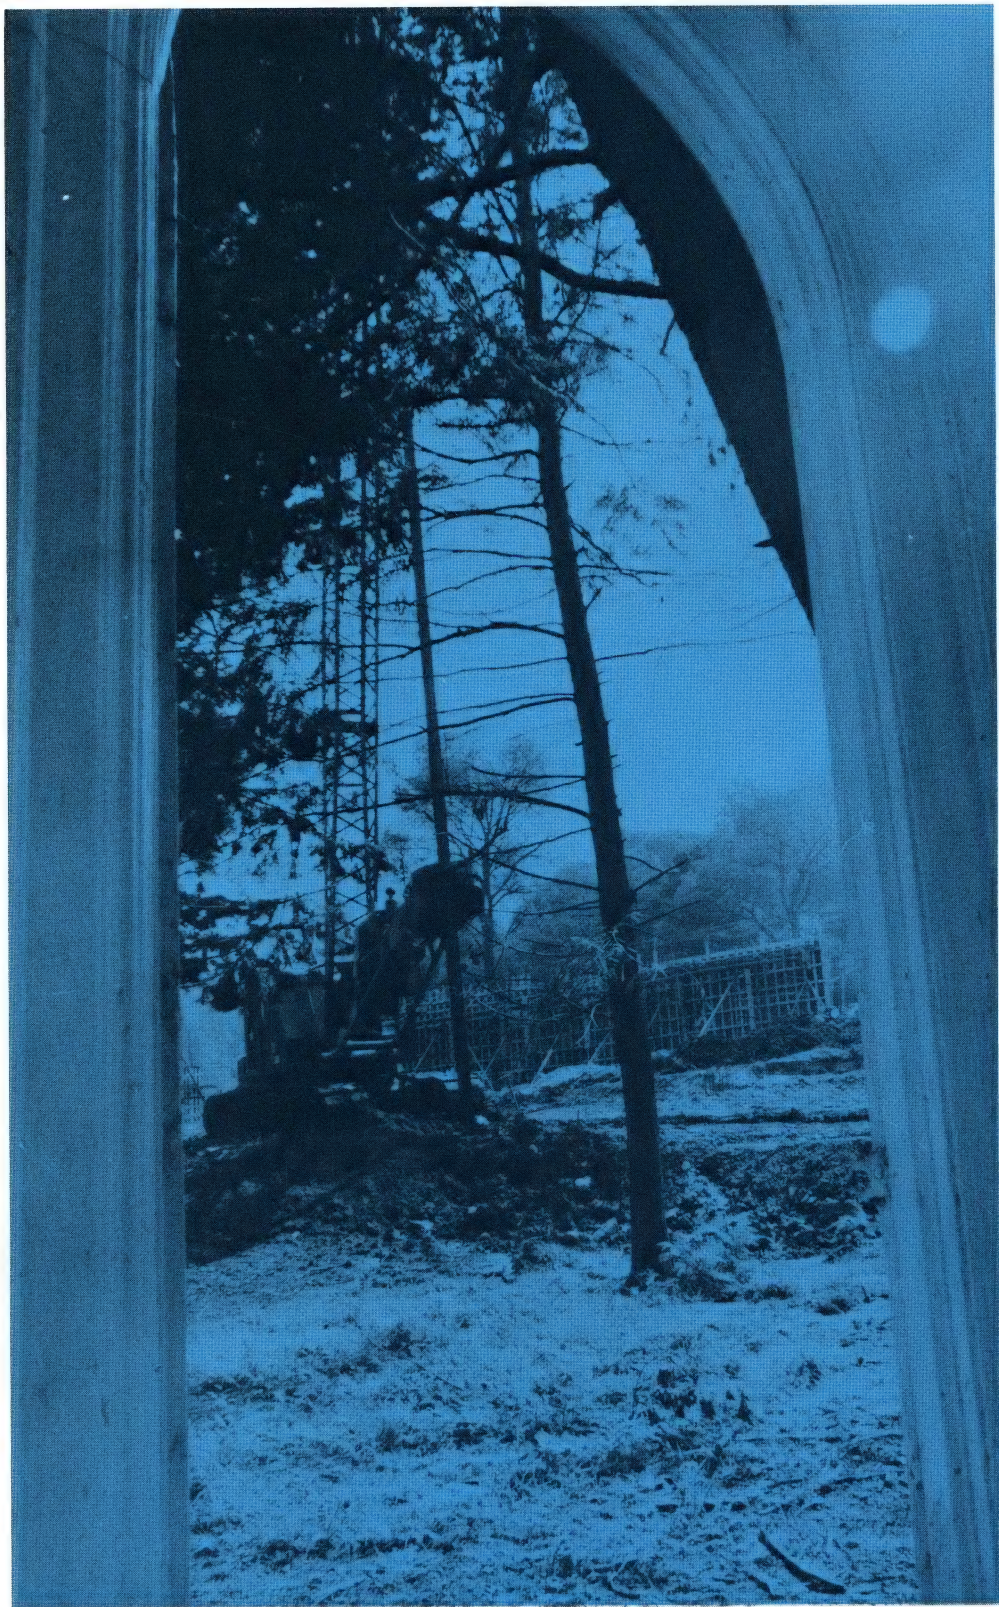

Find me and I'm yours;
Cage me and I cry out;
Love me and we share together.

Let's see now . . . from here take the first right, no that's a dead end now — you can go in front of, no you can't, that road isn't there anymore. There has to be a way to get there from here. Try backing out the way you came in.

I think that I shall never see
A poem as lovely as a tree . . .

Better than living

And when it's time to ease on home . . .

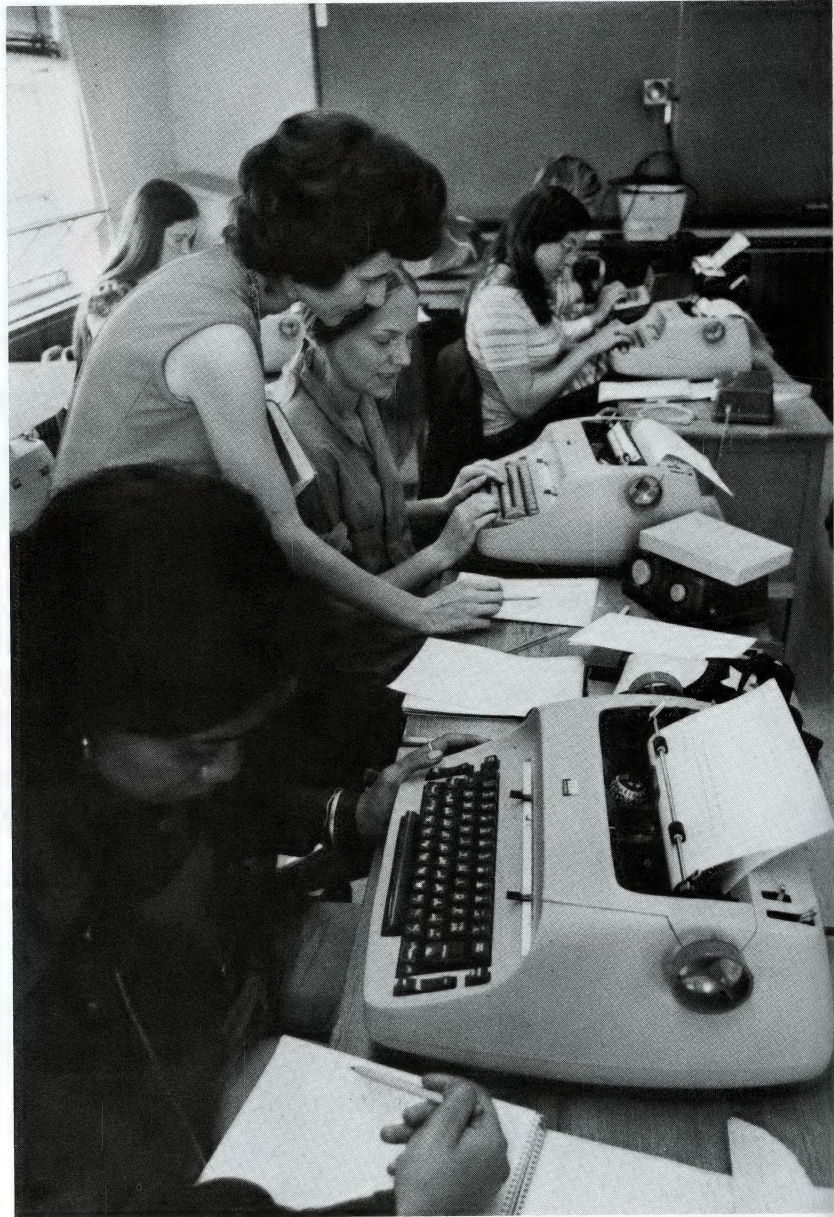

Apartment living,

New ideas and new
morals present me
with new questions
and old answers just
don't fit anymore.

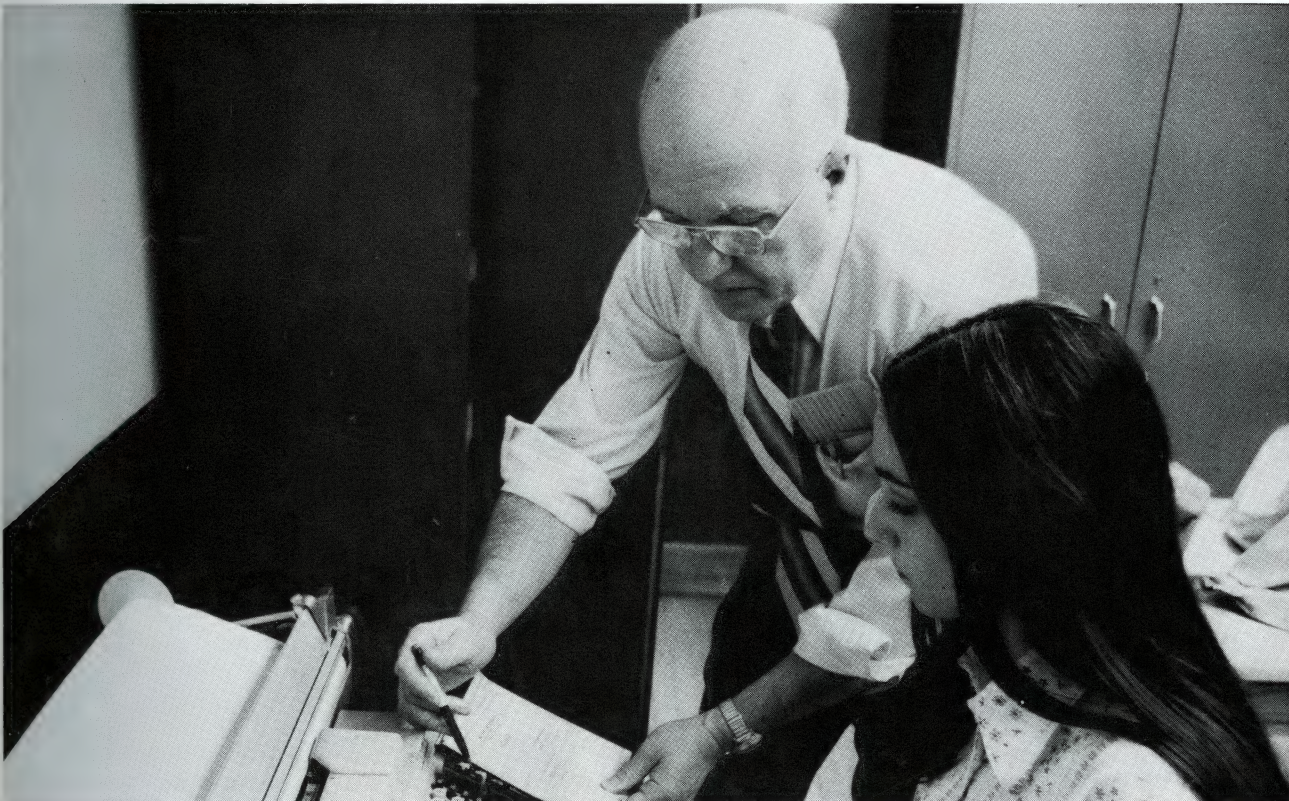

My life takes a more individual meaning — these decisions are mine to make.

Kingsport Center

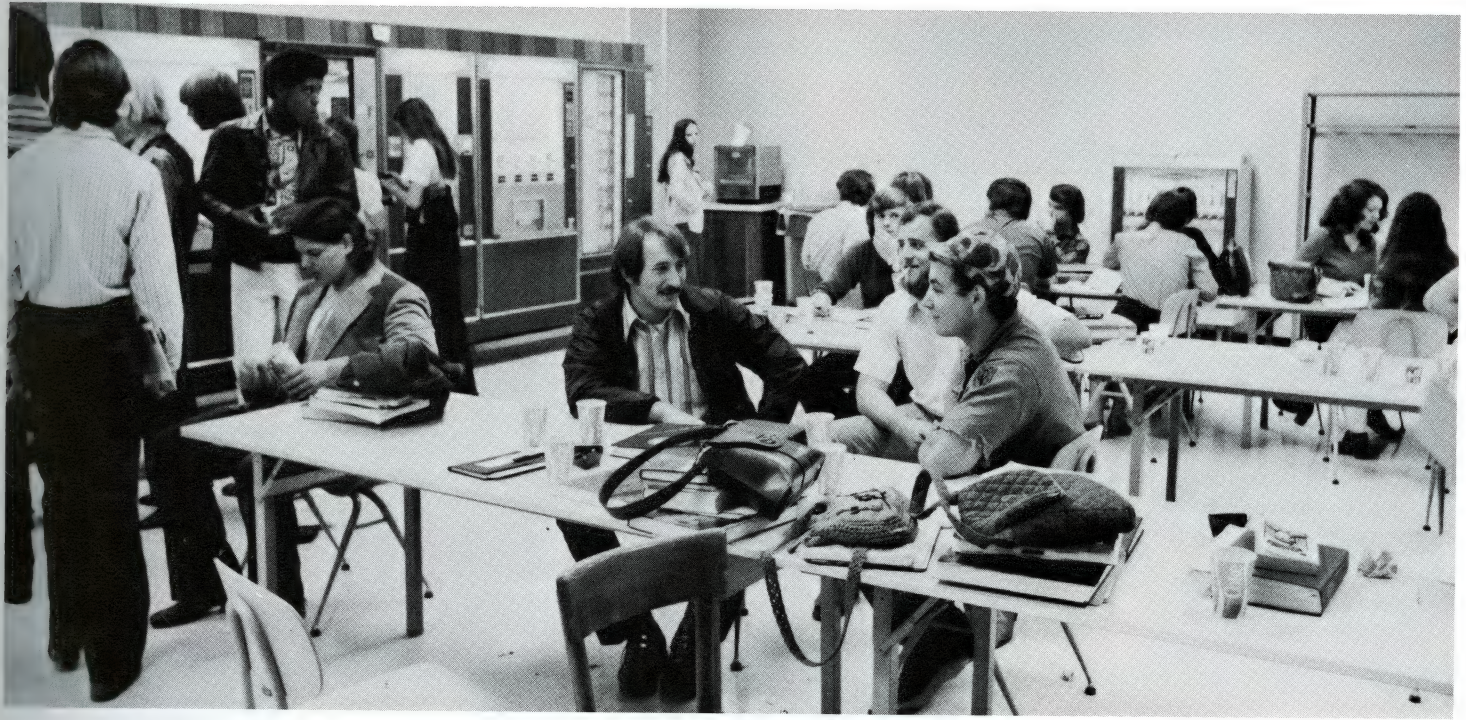

Dr. James T. Davis — Director

A branch of E. T. S. U., the Kingsport Center is an institution that enables some 1000 students to continue their education as either full or part time commuters. In the absence of such a convenient facility, many capable individuals either wouldn't or couldn't take advantage of the opportunity to enrich their lives with the nourishment of knowledge . . .

The Kingsport Center encompasses in one building nearly all of the same course offerings as does the main campus, employs many of the same instructors and furnishes a broad educational opportunity for many.

HOMECOMING 1973

The culmination of months of planning and arranging, Homecoming week was filled with various activities — concerts, dances, plays and display creation. All these were designed to generate involvement and anticipation that should need no incentive . . .

But were you there? Were you actively involved or were you just an onlooker? College life means involvement, so . . . INVOLVE YOURSELF.

This research unveiled the truth about the historical development of Dracula, the man and the myth, as well as beliefs in vampires, which are still well and living in Transylvania.

THE REINCARNATION OF HOUDINI

Houdini is alive and better than ever in the person of Norman Bigelow — and, once you have witnessed Norman Bigelow defying death time after time and always emerging miraculously unharmed, you too will be convinced that he is indeed Houdini's reincarnation.

NIKKI GIOVANNI

It's hard to believe that this small, quiet woman with the little girl smile is the same person whose statements defining Black individualism have made her a heroine in ghettos and campuses around the U.S.A.

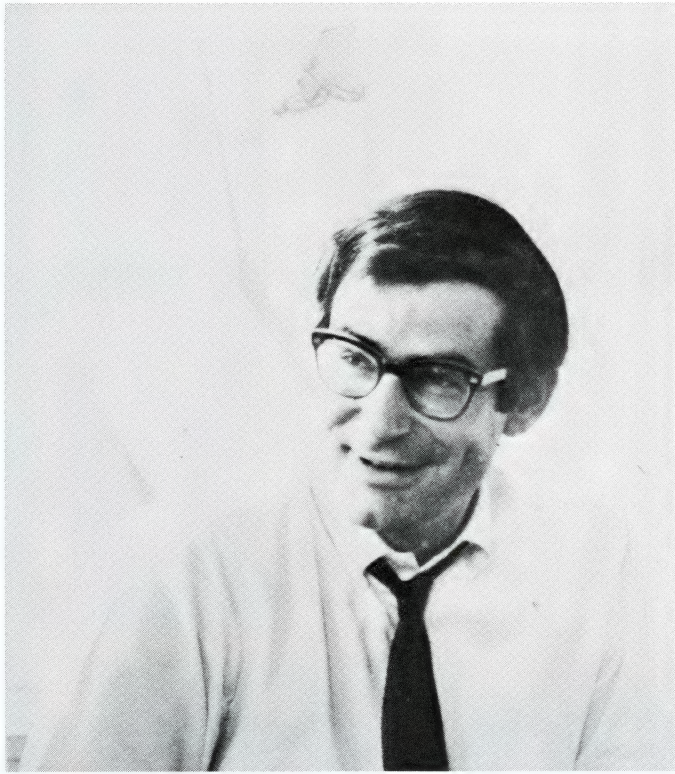

DAVID HALBERSTAM

One of America's most distinguished and controversial journalists, one of the first to oppose the US intervention in Indochina, one of the country's best respected students of government power and bureaucracy. Breaking the monotony of winter quarter studies and throwing the campus into an uproar, the national streaking fad brought excitement to ETSU. Crowds gathered several nights, and more extracurricular socializing than our campus is used to took place.

PIKE'S PEAK!

1973

Π
Κ
Α

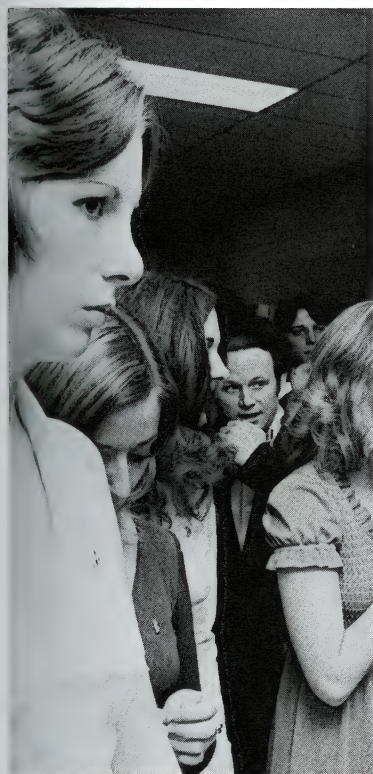

PIKE'S PEAK is an annual Fall event sponsored by the Pi Kappa Alpha Fraternity. It finds members of sororities competing in such events as relays, pie eating contests, tricycle races, apple bobbing, and a surprise event. Also, each group is given a Pike pledge to dress and compose a skit about. This year, Sigma Kappa took first place in the overall events, followed by Kappa Delta, Alpha Delta Pi, and Phi Mu. Sylvia Cogburn, a member of Sigma Kappa, won the Miss PIKE'S PEAK Contest.

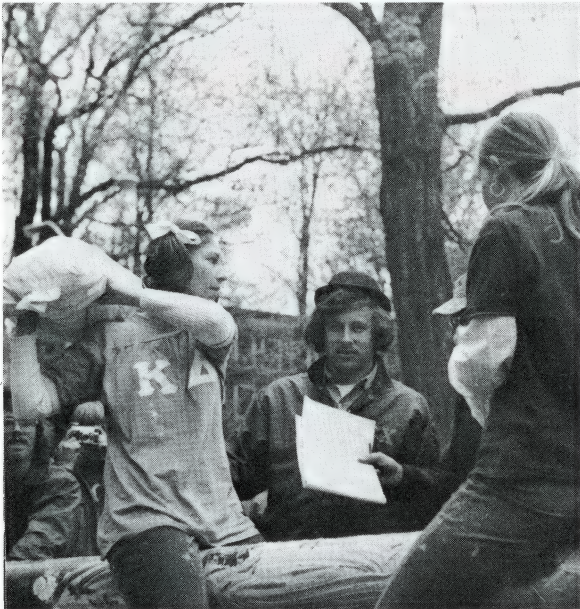

ALL-SING

With an over-generous supply of tickets, tranquilizing drinks, and totally uninhibited Emceeing, Lambda Chi Alpha Fraternity presented its 20th Annual All-Sing this winter. Carrying the theme of "20 Years of Music," All-Sing attracted a large number of participating groups and near capacity crowds for both nights of competition. Winners were: Men's Large group: Alpha Kappa Lambda, first place; Sigma Chi, second; Men's Small group: Alpha Kappa Lambda, first place, Alpha Phi Omega, second; Sigma Phi Epsilon, third. Women's Large Group: Phi Mu, first place; Alpha Delta Pi, second, and Alpha Omicron Pi, third. Small group: Delta Zeta, first place, Alpha Omicron Pi, second, and Phi Mu, third.

DERBY DAY

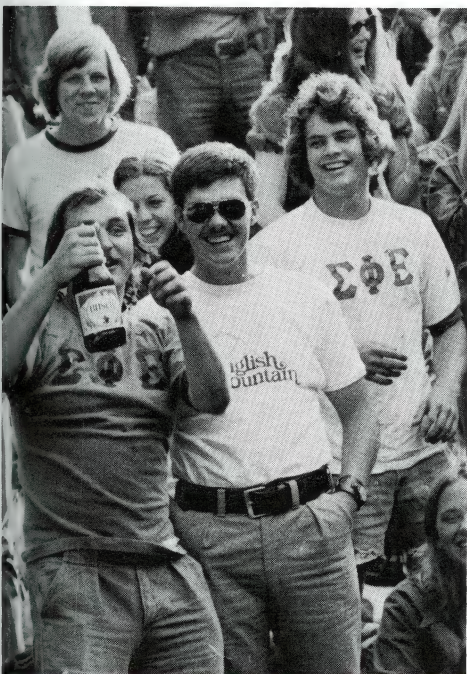

DERBY DAY is another Spring Quarter event, this time for the members of sororities. It is sponsored by the Sigma Chi Fraternity and consists of many varied events, for instance, pillow fighting on a greased pole, musical ice buckets, Spirit Award, and the biggie, the DERBY Chase. Kappa Delta took first place in the overall events, with Sigma Kappa coming in second, and Alpha Omicron Pi and Alpha Delta Pi sharing the third place honors. Miss Derby Day title was won by Joanne Geizentanner, Sigma Kappa, and the Spirit Award was given to the members of Kappa Delta.

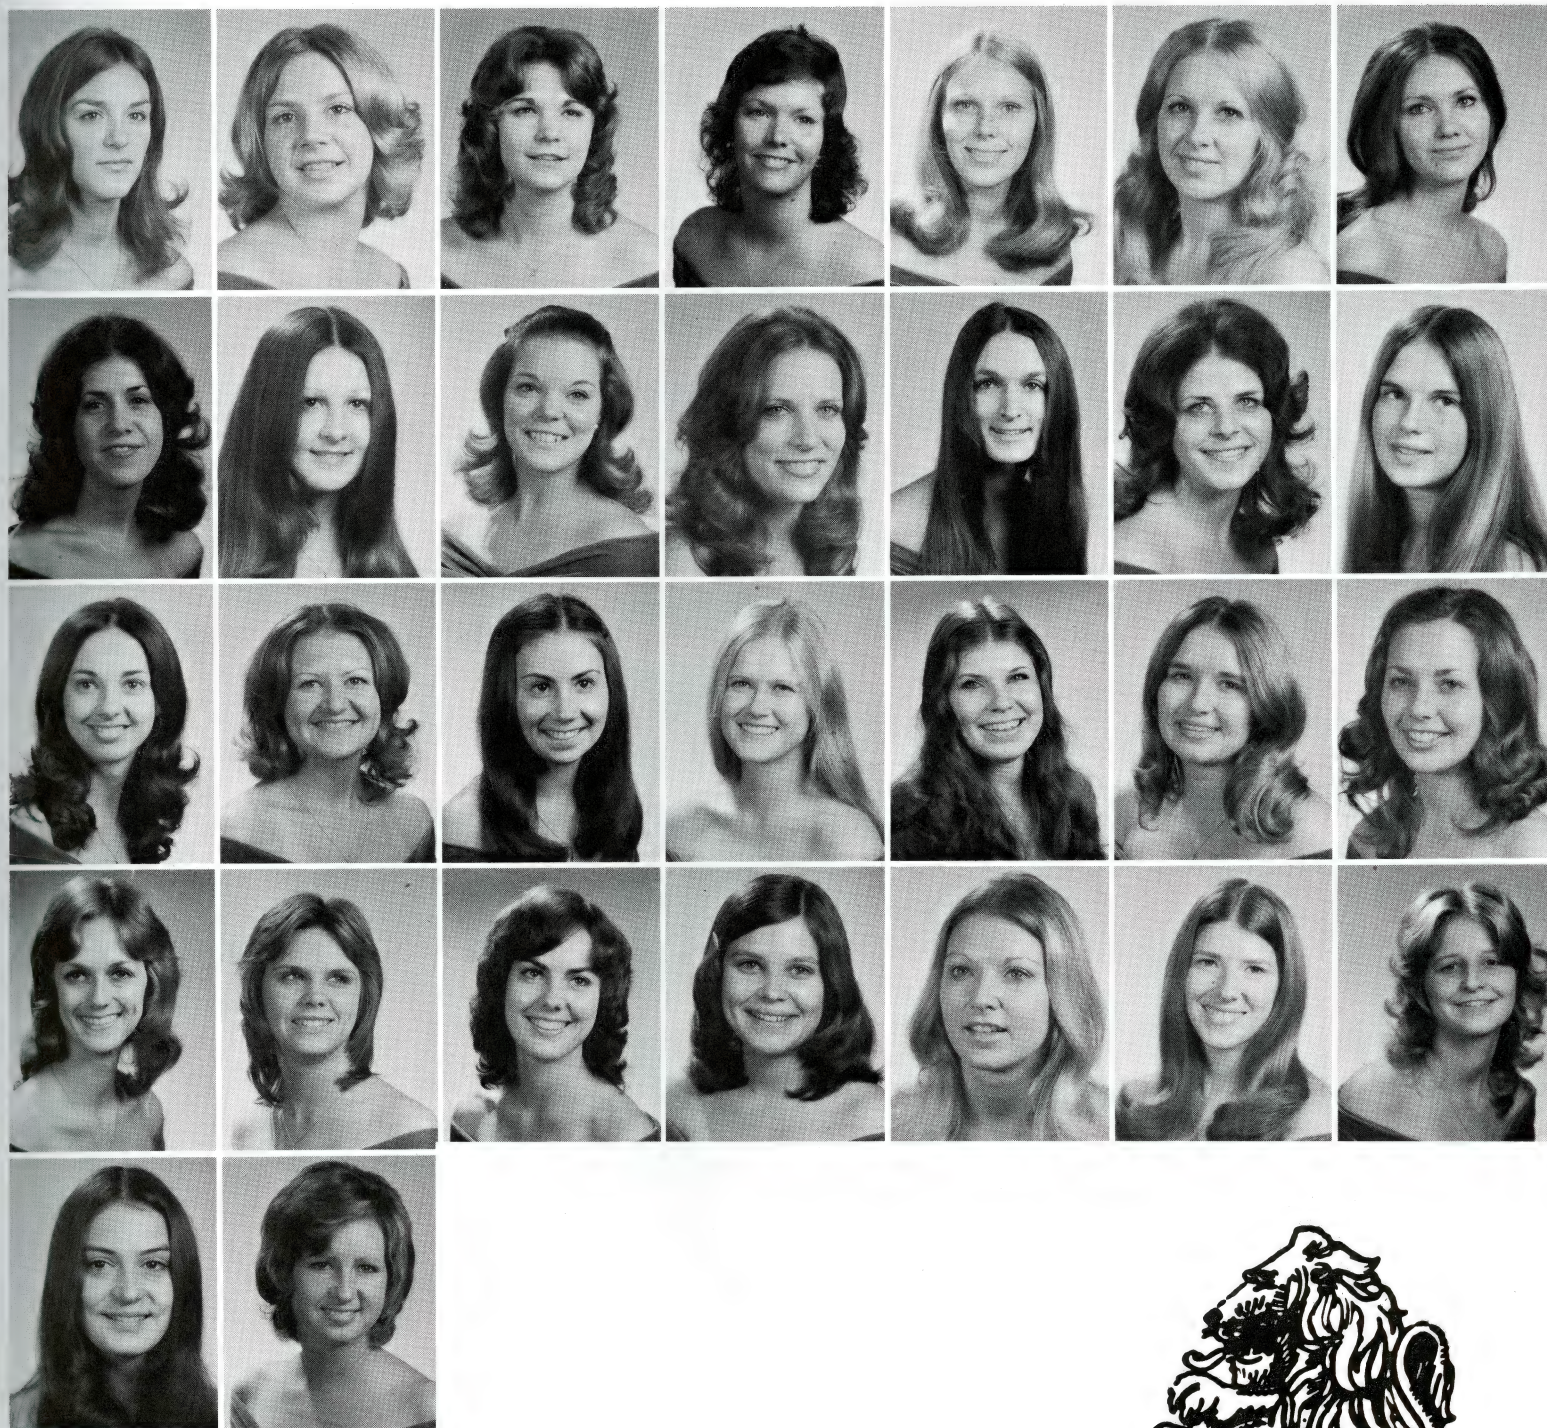

DIAMOND DAY

Sorority pledges and members aren't the only ones to get into the action on campus. Alpha Delta Pi Sorority sponsors a yearly competition known as Diamond Day for fraternity men. Their events include a dance routine, Mr. Atlas, horse races, and car pushes.

Hours and hours of preparation and practice, dress rehearsals and consultations; an inconcievable amount of work. Leads to the big night.

In the space of three short hours, the judges must narrow the choice from ten contestants to the five Semifinalists.

from us to you

Monday and Tuesday the staff do interviews and write stories. They are edited and sent to the typesetters. Fall and winter quarters the stories were set in columns by Elizabethton Printing Company. Spring quarter a journalism class set the stories on new equipment such as this IBM typewriter.

E. T. staff

Headlines are set by the staff on a Verityper machine.

Through a photo-chemical process, discs such as this one produce a positive of a headline after each letter is exposed to light-sensitive paper.

Columns set this way must be waxed, cut and placed on the page. This process, called layout, takes most of Wednesday night and runs into the wee hours of Thursday morning.

This metal plate is wrapped around a cylinder on the press above, and a rubber roller transfers an ink impression from the plate to the newspaper page.

The East Tennessean is printed by the off-set method. A negative is made of paste-up pages. This negative is used to reproduce the pages on a light-sensitive metal plate.

Thursday night papers are delivered to the student center, the post office, and dormitory lobbies and other places convenient for you to pick them up.

There's a lot better way
of finding a career in the
textiles/fibers field
than this.

When your future's on the line, use your pen to better advantage than for circling through the classified sections. Drop us a note instead and tell us why you think you would like to work for a \$160,000,000 fiber and textile company that has grown 111th in the past year. And has plans to do a lot more growing with guys like you in key positions. In

research, In engineering, In design, In merchandising, In sales, In areas both challenging and rewarding. So if you want to leave your mark on the textiles/fibers world, write us first. It's a lot better way to do it than leaving your mark on the help wanted ads.
